THE YACHT

Hammerhead II is a spacious yacht launched in 2019 and is 43m long. With her generous design, spread across 5 decks, she can host up to 30 guests in twin cabins and gorgeous suites.

With indoor and outdoor dining options as well as a cozy indoor saloon, large enough for everyone to relax in, your experience onboard Hammerhead II will surely be extra ordinary!

Her handpicked experienced crew will always go that extra mile to ensure your happiness.

The food prepared by our three chefs is delicious, healthy and stunningly presented.

Combined with diving in the colorful and warm Red Sea, these characteristics of Hammerhead II will make for a trip unlike any you've experienced before.

DAILY SCHEDULE

Day 1 | Arrival & Welcome

Your cabin is ready for check-in starting at 1:00 PM. Settle in, unpack, and unwind—your safari experience officially begins!

Join us on deck for a welcome briefing followed by your first dinner on board at 7:30 PM.

Day 2 | Setting Sail & Check Dive

Start your morning with a freshly prepared breakfast from our onboard chef and culinary team. As we set sail toward our first location, our cruise director will host a introductory briefing before our check dive.

Once everyone is comfortable in the water, we set our course north way.

Days 3–6 | Dive, Relax, Repeat

Settle into the ultimate diving rhythm. Each day features up to three dives with ample surface intervals (minimum 2 hours) for meals, relaxation, and logging your dives. Night dives will be offered at permitted locations along our route.

Day 7 | Final Dives & Return to Port

We make the most of our final full day on board. After two morning dives as we navigate back toward Hurghada, we will berth at the marina by late afternoon. Enjoy free time to explore the local port area before gathering for a final evening dinner on board with the group.

Day 8 | Check-out & Farewell

After breakfast, it is time to say goodbye to new friends and our crew. Cabin check-out is at 9:00 AM, with final departure from the vessel at 3:00 PM. Please let our team know in advance if you need assistance arranging airport transfers.
